Special Meeting request for Don Silcock

Meeting called to order at 5:04pm by Phil Twombly

D.Silcock Request:

- Don is requesting to have a box trailer put in behind his house to temporarily store some car parts to then move from the property. He is request that he be given 2 months to complete this project. Request for the trailer to be moved by June 1, 2020 and if he may need another month to reach back out to the Heritage. Phil motioned a request to allow Don to put a temporary trailer behind his home to store parts until June 1, 2020. Tracey seconded the motion, all in favor; yes.

Other:

- Phil said that we may need to look at putting in a new heat source at Union RR Station after the problem with the oil tanks, maybe look at mini splits to heat the building.
- Pride Day: Emily will reach out to make sure that we have a booth for Pride Day coming up.
- Next Agenda: Would like to discuss wording to incorporate into the Historic District Guidelines for temporary storage trailers like Don requested tonight.

Meeting Adjourned at 5:26pm
