On behalf of Province Lake Road Solar, LLC and in accordance with the Site Plan Review Regulations, the applicant requests a waiver from Section 4.04.6 with respect to the requirement of the plan set scale being 1:50.

This requirement is unable to be met due to the detail and size of the site being depicted. The proposed scale of 1:80 is the ideal scale where it will include the entire site, with optimum details, on one plan sheet.
